

## Chapter 4 - Survival

What I want YOU to know about the HTM 6<sup>th</sup> grade experience is:

- Deadlines are not suggestions. If you don't meet project deadlines, there will be consequences.

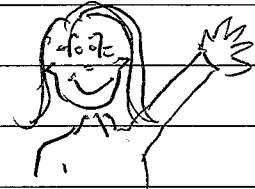

- Choose different X-blocks. There are always interesting and fun things to try! Learn as much as you can!

• If you need help - ASK!!

All of the teachers are super friendly and helpful. There is always someone available to help.

• Bring a pencil EVERYDAY.  
Actually, bring two.

• Be yourself. There is a place for everyone at HTM.
